8	UNITED STATES DISTRICT COURT	
9	FOR THE EASTERN DISTRICT OF CALIFORNIA	
10		
11	RAMON GUTIERREZ-PEREZ,	No. 2:22-cv-00643-DAD-AC (HC)
12	Petitioner,	
13	v.	ORDER ADOPTING FINDINGS AND RECOMMENDATIONS AND DISMISSING HABEAS PETITION
14	DAVID BREWER,	
15	Respondent.	(Doc. Nos. 1, 2, 8)
16		
17	Petitioner Ramon Gutierrez-Perez is a federal prisoner proceeding pro se with a petition	
18	for writ of habeas corpus pursuant to 28 U.S.C. § 2241. The matter was referred to a United	
19	States Magistrate Judge pursuant to 28 U.S.C. § 636(b)(1)(B) and Local Rule 302.	
20	On October 7, 2022, the assigned magistrate judge issued findings and recommendations	
21	recommending that petitioner's federal habeas petition be dismissed for lack of jurisdiction	
22	because "petitioner does not challenge the legality or duration of his confinement, but instead	
23	challenges the conditions of his confinement." (Doc. No. 8 at 2.) The pending findings and	
24	recommendations were served upon petitioner and contained notice that any objections thereto	
25	were to be filed within fourteen (14) days after service. (Id.) To date, petitioner has not filed any	
26	objections and the time in which to do so has passed. ¹	
27 28	¹ The service copy of the findings and recommendations was mailed to petitioner at his address of record and was returned to the court as "Undeliverable, Return to Sender, No Longer Here."	

Case 2:22-cv-00643-DAD-AC Document 9 Filed 11/18/22 Page 2 of 2

In accordance with the provisions of 28 U.S.C. § 636(b)(1)(C), the court has conducted a *de novo* review of the case. Having carefully reviewed the entire file, the court concludes that the pending findings and recommendations are supported by the record and proper analysis.

Having concluded that the pending petition must be dismissed, the court also declines to issue a certificate of appealability. A petitioner seeking writ of habeas corpus has no absolute right to appeal; he may appeal only in limited circumstances. *See* 28 U.S.C. § 2253; *Miller-El v. Cockrell*, 537 U.S. 322, 335-36 (2003). If a court denies a petitioner's petition, the court may only issue a certificate of appealability when a petitioner makes a substantial showing of the denial of a constitutional right. 28 U.S.C. § 2253(c)(2). Where, as here, the court denies habeas relief on procedural grounds without reaching the underlying constitutional claims, the court should issue a certificate of appealability "if jurists of reason would find it debatable whether the petition states a valid claim of the denial of a constitutional right and that jurists of reason would find it debatable whether the district court was correct in its procedural ruling." *Slack v. McDaniel*, 529 U.S. 473, 484 (2000). In the present case, the court finds that reasonable jurists would not find the court's determination that the pending petition must be dismissed to be debatable or wrong. Thus, the court declines to issue a certificate of appealability.

Accordingly,

- 1. The findings and recommendations issued on October 7, 2022 (Doc. No. 8) are adopted in full;
- 2. The petition for writ of habeas corpus (Doc. No. 1) is dismissed;
- 3. Petitioner's motion to proceed *in forma pauperis* (Doc. No. 2) is denied as having been rendered moot by this order;
- 4. The court declines to issue a certificate of appealability; and
- 5. The Clerk of the Court is directed to close this case.

IT IS SO ORDERED.
